

Health Service Navigator™

A Big Service for Your Small Business

A Big Service for Your Small Business

An innovative health service, Health Service Navigator™ helps plan members get the most from the Canadian health care system by providing a one-stop, consolidated access point for:

- resources on how to navigate the Canadian health care system
- access to world class doctors for second opinions
- health and wellness, tips, tools and resources
- medical condition information

It's easy to access, reliable, current and available with the click of a mouse or a simple phone call.

In a smaller business, managing employee wellness and absences is even more important because there's even less room for "taking your eye off the ball". Health Service Navigator is a terrific service to help small business with:

- **Employee productivity and absence management.**

Allowing employees to access all the health and medical information they need in one place, saves them time and eases the stress and distractions of managing their family's health and wellness. And that ultimately maintains productivity.

- **A competitive edge in the job market.**

By offering this one-of-a-kind service as part of your employee health benefit plan, small business can get an edge on your competition.

- **Overall health and wellness promotion.**

An aging workforce and an increasing spotlight on work / life balance call for a renewed focus on overall wellness. Health Service Navigator provides information regarding health and chronic disease management as well as a broad range of health coaching and assessment tools.

1. Integrated Health Resource Centre

Employees can have quick and easy access, both online and through a member customer care centre, to health resources and tools including:

- Finding a family doctor or specialist
- The best way to communicate with your doctor
- Locating hospitals
- Checking procedure wait times
- Locating resources to address mental health concerns
- Learning how to build your health care and support team
- Resources on senior care
- Information on children's health
- Determining expenses covered by your provincial health plan
- Education on safe medication use
- Maintaining your health record
- Accessing tips for patient advocacy
- Understanding your illness and managing chronic disease
- How to deal with cancer
- Coping better with disability

2. World-Class Second Opinions

Provided by WorldCare Inc., this second opinion service includes an independent review, diagnosis and treatment recommendations from a team of leading licensed medical physicians. These physicians are recognized as top medical specialists associated with some of the foremost teaching and research hospitals in the United States, including:

- Children's Hospital Boston
- Duke University Health System
- Partners HealthCare System Inc., which includes:
 - Massachusetts General Hospital
 - Brigham and Women's Hospital
 - Dana-Farber/Partners Cancer Care
- UCLA Healthcare

While other second opinion offerings provide access to individual physicians within their network, the Worldcare Consortium goes one step further by coordinating the consultations of a whole team of physicians, as well as the associated paperwork and background– often within days.
